

JANUARY 20, 2025

DEAR MTGOP LEADERSHIP,

Thank you for upholding the conservative values this country was founded upon. We at Montanans for Life were thrilled to read page 7, paragraph 1, "Human Life", in the state platform (June 29, 2024). It is upon this common foundational belief that our organization stood when we mobilized a grassroots "Get Out The Vote" effort to both elect conservative candidates, and attempt to defeat CI-128. Because this ballot initiative was so contrary to our common foundation that life is to be preserved at every stage, we expended considerable financial and volunteer resources. Our efforts began long before Primary Day, and extended through the entirety of Election Day.

We recently learned that nine of our Republican Senators voted with the Democrats on Day One of the 2025 Legislative Session on a crucial rules vote, giving the Democrats the majority, and we are outraged. This undermines our personal faith in these elected officials to serve by voting in accordance with the party platform. As a conservative organization focused on being the only single-issue pro-life lobbying organization in the state, we are also quite concerned that the people who've trusted us when we mobilized them to vote Republican, can and will lose trust in our organization, the elections process, and the Republican Party.

We urge swift and decisive action. Yes, we want your party's leadership to hold these nine Republicans accountable. Yes, we believe there should be consequences, such as being barred from participation in activities and conventions. Due to the severity of their actions, we would support a recall of these nine as well.

We appreciate your time in considering this urgent matter, and look forward to working together to uphold the Constitution, and create a Montana where life is valued from the moment of conception until natural death.

Respectfully,

A handwritten signature in black ink that reads "Robin Sertell". The signature is written in a cursive style and is positioned above a horizontal line.

ROBIN SERTELL

CHAIR, MONTANANS FOR LIFE
